## Public Member Functions

**SubjectInterfaceWidget** ()

**~SubjectInterfaceWidget** ()

void **changeToCircle** (bool circleBool)

void **changeCircleColor** (QColor mcolor)

void **changePicture** ()

QColor **getCircleColor** ()

void **setTrialComplete** (bool mTrialComplete)

void **setRunOver** (bool mRunOver)

void **runStarted** (bool mRunStartedBool)

## Detailed Description

---

Definition at line 11 of file [SubjectInterfaceWidget.h](#).

## Constructor & Destructor Documentation

---

### ◆ SubjectInterfaceWidget()

SubjectInterfaceWidget::SubjectInterfaceWidget ( )

Definition at line 3 of file [SubjectInterfaceWidget.cpp](#).

### ◆ ~SubjectInterfaceWidget()

SubjectInterfaceWidget::~~SubjectInterfaceWidget ( )

Definition at line 15 of file [SubjectInterfaceWidget.cpp](#).

Here is the call graph for this function:

## Member Function Documentation

---

### ◆ changeCircleColor()

```
void SubjectInterfaceWidget::changeCircleColor ( QColor mcolor )
```

Definition at line **80** of file **SubjectInterfaceWidget.cpp**.

### ◆ changePicture()

```
void SubjectInterfaceWidget::changePicture ( )
```

### ◆ changeToCircle()

```
void SubjectInterfaceWidget::changeToCircle ( bool circleBool )
```

Definition at line **74** of file **SubjectInterfaceWidget.cpp**.

### ◆ getCircleColor()

```
QColor SubjectInterfaceWidget::getCircleColor ( )
```

Definition at line **86** of file **SubjectInterfaceWidget.cpp**.

Here is the caller graph for this function:

### ◆ runStarted()

```
void SubjectInterfaceWidget::runStarted ( bool mRunStartedBool )
```

Definition at line [58](#) of file [SubjectInterfaceWidget.cpp](#).

### ◆ setRunOver()

```
void SubjectInterfaceWidget::setRunOver ( bool mRunOver )
```

Definition at line [136](#) of file [SubjectInterfaceWidget.cpp](#).

### ◆ setTrialComplete()

```
void SubjectInterfaceWidget::setTrialComplete ( bool mTrialComplete )
```

Definition at line [130](#) of file [SubjectInterfaceWidget.cpp](#).

The documentation for this class was generated from the following files:

- include/[SubjectInterfaceWidget.h](#)
- src/[SubjectInterfaceWidget.cpp](#)
